0. Auditor Time Norms

1. General: The auditing and licensing activity is required to be done within time norms as given in MSCD guideline MSC G6.4-01.

2. Unless otherwise specified, all allotted audits should be completed within 30 days from the date of allotment of audit.

3. Auditor Time Norms for Grant of Licence

- i) Stage 1 audit and submission of report- within 15 days
- ii) Conduct of initial audit (Stage II audit) and submission of report (Initial audit plan to be informed to the Client well in advance of the audit date)- within 20 days
- iii) Special Audit completion and submission of report- within 5 days

Note: There may be few instances of non-adherence of time-frame due to non-availability of officer and locations at remote places and delay in initial audit to suit auditee requirement. However, grant of licence should be ensured within 90 days of receipt of application.

4. Auditor Time Norms for Operation and Re-certification of licence

- i) Audit completion by auditor after allotment of first surveillance audit- within 30 days.
- ii) Recertification audit completion after approval of team- 30 days from audit allotment.
- iii) Submission of reports for surveillance audits and re-certification audits- 5 days from date of completion of audit.

5. Auditor monitoring

Each auditor would have an Auditor dashboard which will display the audits allotted from all regions, audits done, time taken and pending further information such as prefilled audit forms, NCs pending with licensees, opportunities for improvement reported last time, payment made to auditor by BIS and payment in process etc. will be added on the board to make the system simple and very effective. NC raised by you and feedback given for knowledge bank improvement will also be reflected in your history soon.
